Harvest Dinner Fundraiser: Event Runbook

Prepared by: Maya Chen and Jordan Lee

Event date: October 24, 2026

Venue: Fictional pantry community hall, State College

Status: Current draft for review

Purpose

The Harvest Dinner brings fictional supporters and volunteers together to raise awareness of the pantry's work. The event is a sample scenario intended for an OrgFlow product demonstration. No public invitation, ticket sale, event registration, or payment processing is live.

Event facts for staff

Doors open at 5:30 p.m. The program begins at 6:15 p.m. The event wraps by 8:00 p.m. The fictional planning assumption is 80 guests, including six designated volunteers and four assigned staff members. Admission examples are $25 for an individual ticket and $45 for a pair. These amounts are samples, not actual sale offers.

Before the event

October 12: finalize room layout and accessibility routes.

October 15: collect volunteer assignments and accessibility requirements.

October 19: confirm the guest count and dietary information with the catering lead.

October 21: review the program script and confirm the donation processing plan.

October 23: prepare name tags, wayfinding signs, sealed receipt envelopes, and the volunteer briefing.

Assigned roles

Jordan Lee coordinates volunteer shifts and accessible check-in. Sam Rivera manages room safety, setup and the food service handoff. Maya Chen oversees the donor welcome and acknowledgement queue. Priya Patel assists at the fundraising desk and records follow-up actions without exposing donor information publicly.

Guest privacy and photographs

Do not collect unnecessary guest information on open clipboards. Ask for consent before photographs. Do not name pantry recipients in event remarks or imply that anyone featured is a client. Only the authorized Development lead may reconcile contributions.

After the event

By October 26, send a personal thank-you to volunteers and sponsors. By October 27, reconcile all ticket examples and donations in the restricted register. By October 30, share an approved event recap without invented impact claims. Record what made check-in easy and what should change next year.

The next person should know

The most fragile knowledge is the handoff between event volunteers and the donor acknowledgement queue. Jordan provides the final volunteer roster and Maya or Priya confirms donor contact preferences. Do not use the draft runbook as a claim that an actual event took place.
